

Senior Person In Charge Of Possession (SPICOP) Recert: Re-cert Course IS21

Duration of course: 2 Days

Maximum no. of Candidates: 6

Course aims:

This course is intended for candidates who currently act as Senior Person In Charge Of Possession (SPICOP) on Network Rail's infrastructure and wish to be re-certificated

Objectives:

Upon successful completion of the course candidates will be able to:

- Continue to carry out SPICOP's duties competently in accordance with the Rule Book and industry standards

Other information

- Following successful completion of the course Railsafe Training will register your certification with the NCCA
- Re-certification is required every two years and consists of a two day classroom based course and assessment

Venue

Our modern training centre in Gateshead or we can arrange training at a location to suit your needs

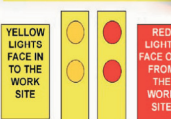

When possession time the PICOP (Person In Charge Of Possession) will contact the signaller to take possession of the line to protect the work site.

The PICOP will position the Limit Boards at the limits of the work site.

Limit Boards will be placed in the four corners of the work site.

WORK SITE MARKER BOARDS

MARKER BOARDS IDENTIFY THE LIMITS OF THE WORK SITE AND ALSO PROTECT THE WORK SITE
